

SPENCER HEYWOOD

SOFTWARE ENGINEER

971-777-1485 | spencer.heywoodd@gmail.com | New York City, NY | [LinkedIn](#) | [GitHub](#)

TECHNICAL SKILLS

Languages: JavaScript, Ruby, SQL, CSS3, HTML5

Frameworks/Tools: React.js, Redux, Ruby on Rails, postgresSQL, Webpack, Nginx, JBuilder

Key Skills: REST API, Object-Oriented Programming (OOP), Test-Driven Development (TDD)

PROJECTS

DASHDOOR

[Live](#) | [GitHub Repo](#)

Mobile Optimized, Self-Hosted DoorDash Clone

- Carefully coordinated front-end/back-end efforts using Redux state and REST API ensuring a highly responsive user experience (UX).
- Implemented custom user authentication utilizing BCrypt hashing function to store and validate user passwords.
- Orchestrated an efficient resource management strategy through strategic hardware selection, precise nginx configuration, and reliable ISP and DNS settings.

NUGGET RUSH

[Live](#) | [GitHub Repo](#)

Single-Page, Interactive Canvas Clicker

- Engineered a custom system of flags using a centralized JSON file, allowing for future scalability and adaptability.
- Derived an object oriented programming (OOP) approach in order to stay organized and modular.
- Methodically enhanced game engagement through game logic adjustments.

HOME KEEPER

[Live](#) | [GitHub Repo](#)

Single-Page, Interactive Canvas Clicker

- Collaborated on the rapid development of application prototypes, crafting wireframes and page skeletons by utilizing tools like GitHub and wireframe.cc.

WORK EXPERIENCE

TABLE GAMES OPERATION LEADER

March 2022 – April 2023

Mesquite Gaming, Mesquite NV

- Managed dealer assignments and oversaw game integrity, ensuring adherence to company policies.
- Resolved customer complaints and disputes, maintaining a focus on service quality and effective communication.
