

Wemu

Designed to run your business easier.

WHAT IS WEMU

Wemu is a Software as a Service (SaaS) platform designed to empower small and medium-sized enterprises (SMEs), particularly those with multiple branches or franchises. Wemu is tailored to make it easier for business owners to manage their day-to-day operations by addressing the complex and evolving challenges these enterprises face.

PROBLEM

At Wemu, we're addressing a significant gap in the market: the lack of dedicated platforms tailored to the unique needs of small multi-branch SMEs and small franchise businesses. Despite the prevalence of such businesses, especially those with 50+ branches in regions like Southeast Asia (SEA) and South America, there hasn't been sufficient technological support to cater to their operational challenges.

SOLUTION

Wemu offers a comprehensive solution by providing a centralized platform that streamlines the management of operations and enhances communication across various branches. This not only improves efficiency but also ensures consistency in business processes, making it easier for owners to maintain control and oversight of their entire operation. With Wemu, managing multiple locations becomes a more manageable and coordinated effort, leading to better overall performance and growth for the business.

“This is the best I have tried for tracking inventory. It's **effective**, and **no discrepancies.**”

Alrette Alvarado
Founder @ Strip It

OPPORTUNITY

CURRENT SITUATION

15% GROWTH

Average monthly sales growth rate of 15%

2.4% CHURN

As of today, our churn rate is 2.4%.

CONVERSION RATE

Around 55% conversion rate from demo to paying.

SCALABLE

Our customer acquisition cost is \$145, and our customer lifetime value is \$2,250. We are committed to maintaining a strong balance between these two metrics.

89% MARGIN

We have about 89% margin. When factoring in support costs, our margin is around 80%.

GROWING LEADS

We have 3000 potential branches to be onboarded.

AVERAGE ENGAGEMENT TIME

12 hours and 30 minutes per user

FUNDING WILL UNLOCK

ACCELERATE GROWTH

Majority of funds allocated to scale additional revenue growth using targeted and tested marketing channels.

STRATEGIC OPPORTUNITIES

Wemu could be the first POS system that enables payment transactions in the Philippines.

INTERNATIONAL MARKET

We are excited about the growth potential that Chile represents, and we are committed to executing a strategic and efficient launch plan to maximize our success.

COMPETITORS

Most of these platforms are not currently targeting developing countries, but that may change in 3-5 years. Some are already exploring entry into markets like the Philippines and South Africa due to the significant number of SMEs and rapid growth.

With Wemu, targeting both services and F&B, we can definitely assert that there is potential to surpass some of these companies, especially in developing countries.

Booking Platform
Valued at \$750M USD
with only 3,000
barbershops in the US.

POS Platform

25,000 businesses valued
at \$1Billion + USD.
Recently raised Series D
Funding for \$160 Million.

Competitive Landscape

Wemu is a modern and innovative platform that operates at the intersection of point-of-sale (POS) systems, booking management, and task management tools

Wemu offers:

- Invoicing
- POS
- Inventory
- Scheduling/Reservation
- Task Management
- Marketplace
- Web Store
- Reports
- Multi Branch or Franchise Management
- Employee Management

COMPETITIVE ADVANTAGE

By combining these three crucial business functions, Wemu offers a unique and powerful solution that can benefit a wide range of businesses, including cafes, salons, and other service-based industries.

- Streamlined operations
- Enhanced customer experience
- Improved productivity
- Real-time insights
- Less subscription fees

“I love how it's very **user friendly** and easy to understand. One good thing that I liked was the POS system that was integrated which is really **useful during events**”

BUSINESS MODEL

Free

This plan is entirely free and allows businesses to sell their products online on the Wemu marketplace.

Solo Plan **\$29/mo for 1 user**

The Solo Plan is designed for individual users or small businesses. It includes all the core components of Wemu except for staff scheduling and task management.

Team Plan **\$45/mo per location**

The Team Plan is suitable for businesses with multiple locations or branches. It includes all the components of Wemu, providing a comprehensive solution for managing operations.

Employee

Access/User \$5/mo (with plans to increase to \$10/mo per user)

The Employee Access plan is for additional users or employees within a business, allowing them to utilize specific features.

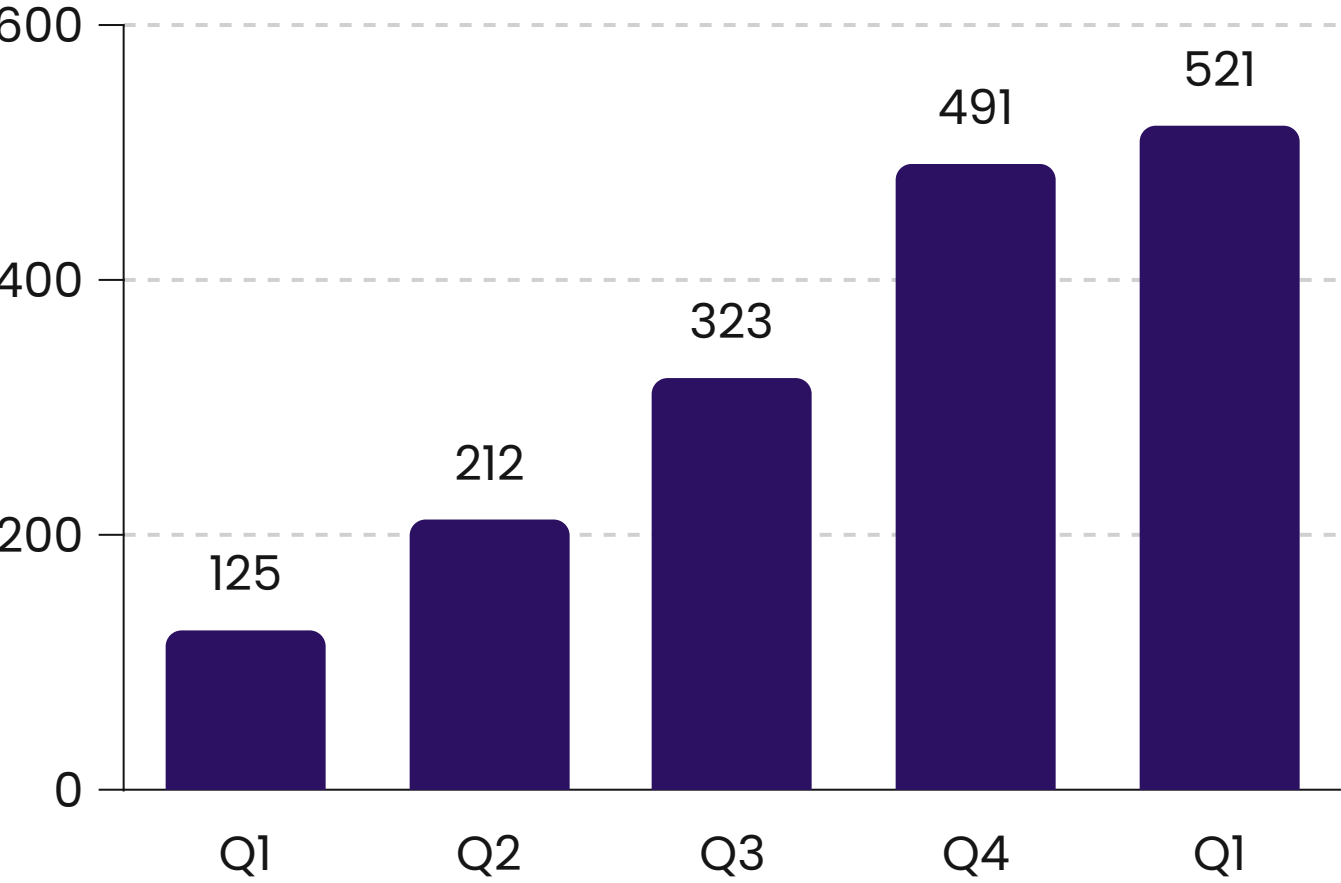

1.5% fee

Once we secure registration and BIR compliance, we plan to introduce an additional revenue model. This will involve a **1.5% transaction fee** for POS operations and marketplace transactions. This strategic move positions us to potentially become the first POS system in the Philippines to offer payment transaction capabilities, creating new revenue streams and enhancing our value proposition.

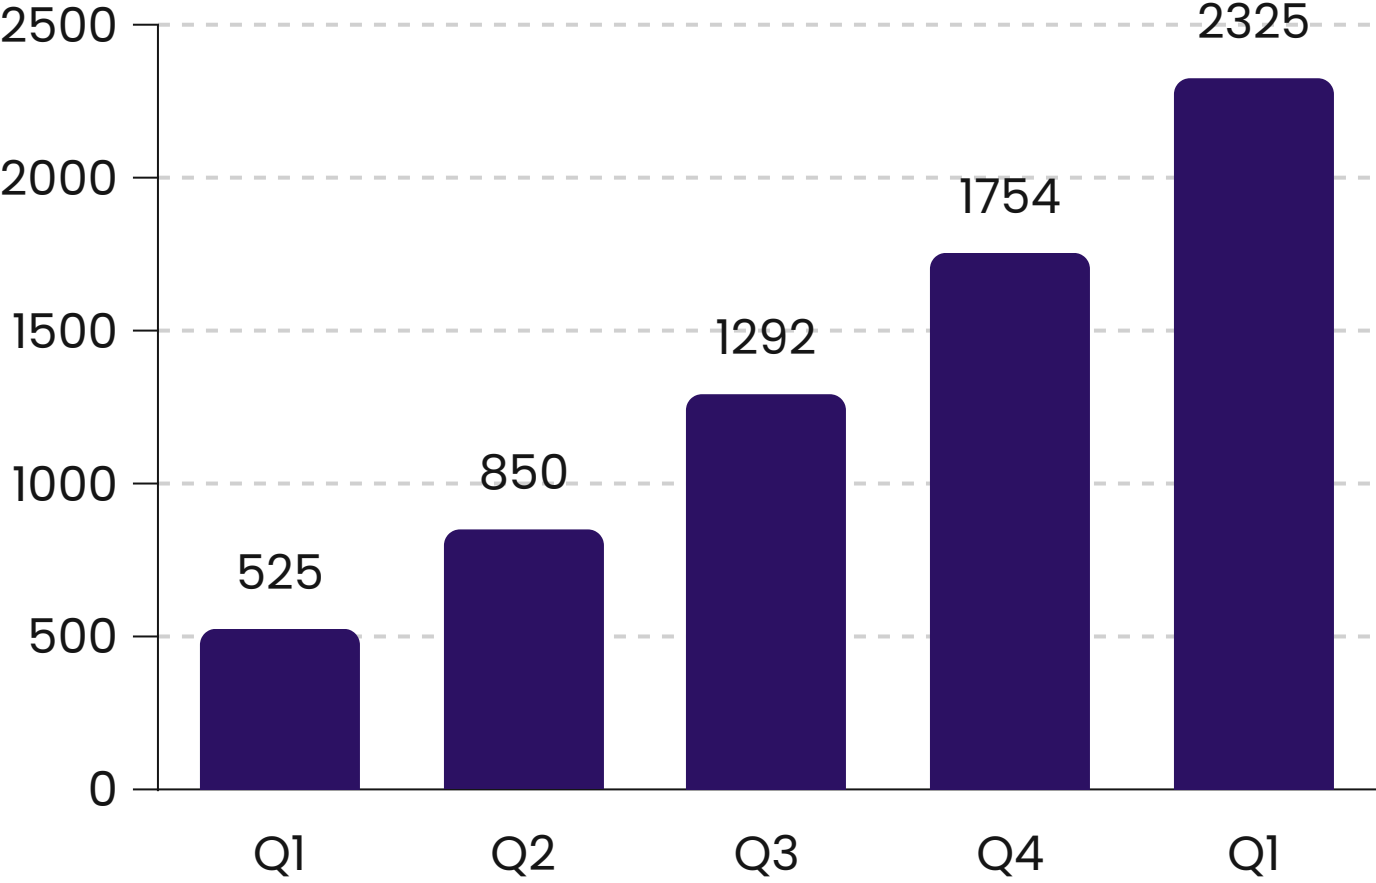

STRONG KPI GROWTH

NUMBER OF BUSINESSES/BRANCHES

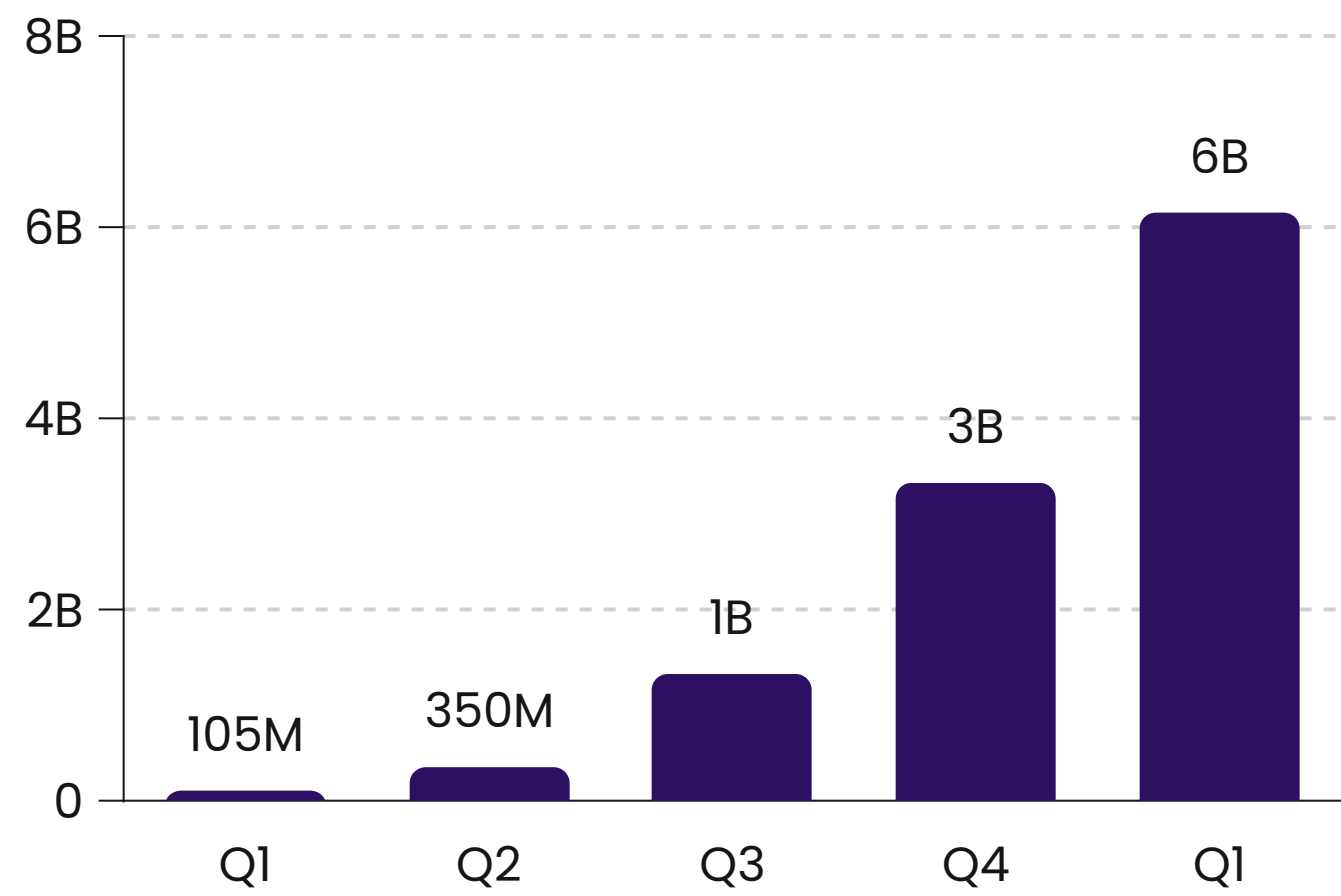

ACTIVE BUSINESS USERS (MEMBERS)

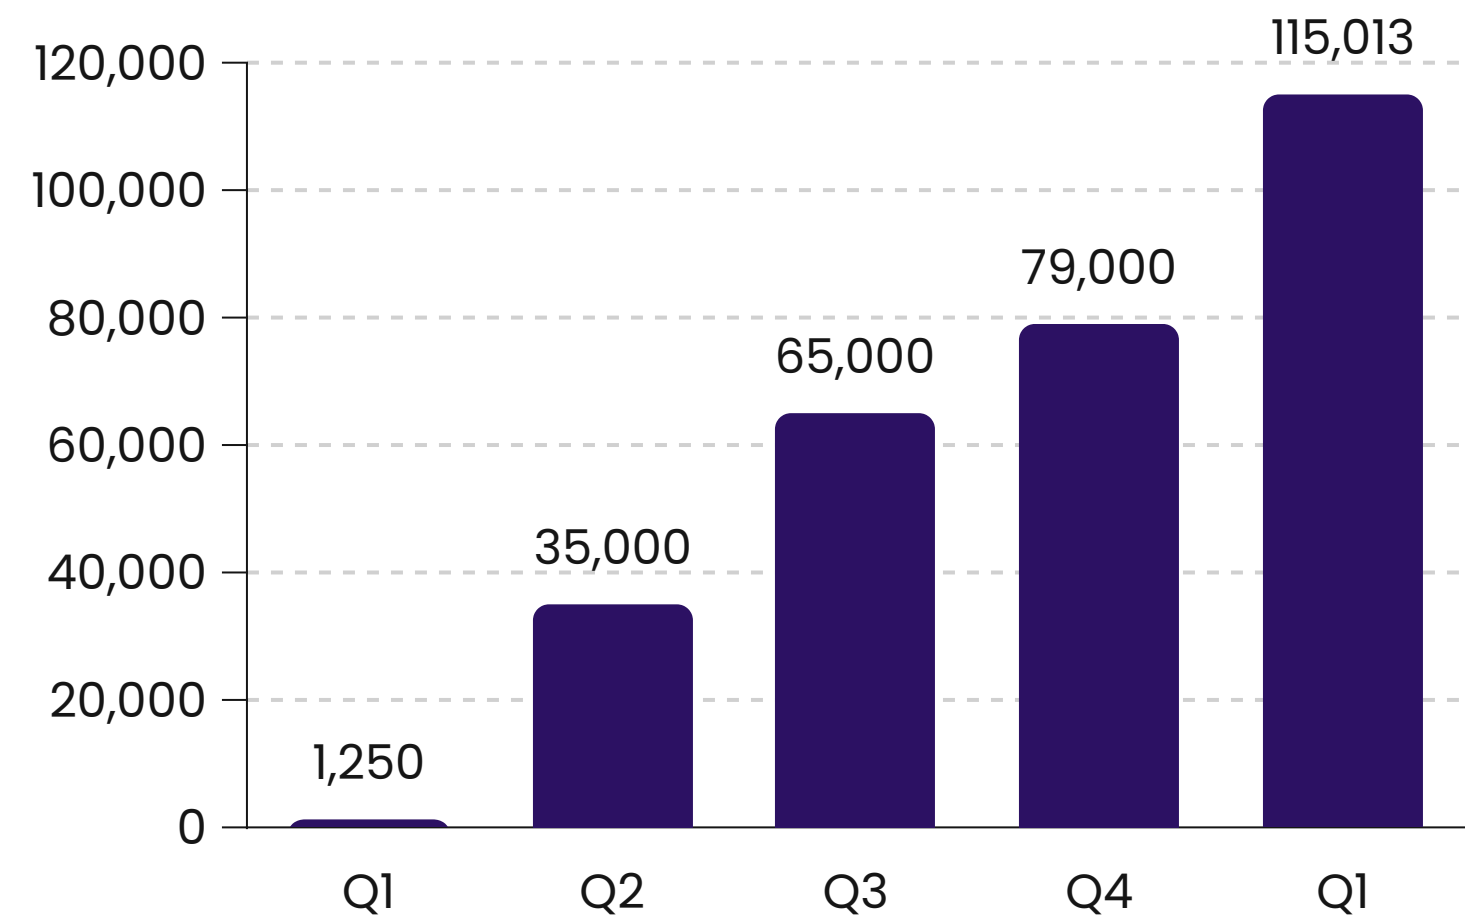

STRONG KPI GROWTH

NUMBER OF TOTAL ITEMS IN THE PLATFORM

TOTAL VALUE of \$51,773,353,465 USD

NUMBER OF MARKETPLACE USERS

“Aside from the amazing business features Wemu offers, I really like Wemu's initiative of **helping businesses**, especially startups, grow and have a stronger business foundation. I think at the end of the day, it's Wemu's initiative that makes them unique. Also, I'm happy that the Wemu team is **very hands on** with their clients – they make sure that everything is taken care of right away.”

Camille Gerochi
Founder @ Happy Hour PH

OTHER OPPORTUNITIES

With the goal of securing BIR registration, we are preparing to open new doors and transform into a pivotal payment gateway. This strategic evolution positions Wemu to be at the forefront of the industry, as we aspire to be the very first Point of Sale (POS) system capable of processing transactions through credit cards and popular e-wallets. This strategic move not only enhances our value proposition but also paves the way for businesses to adopt modern, convenient payment methods. Furthermore, we are thrilled to share that we are actively exploring partnerships with two major accounts, each potentially bringing 2,000 branches or businesses into our network. This represents a significant opportunity for us to further expand our reach and impact within the SMEs we serve. We look forward to the exciting possibilities on the horizon.

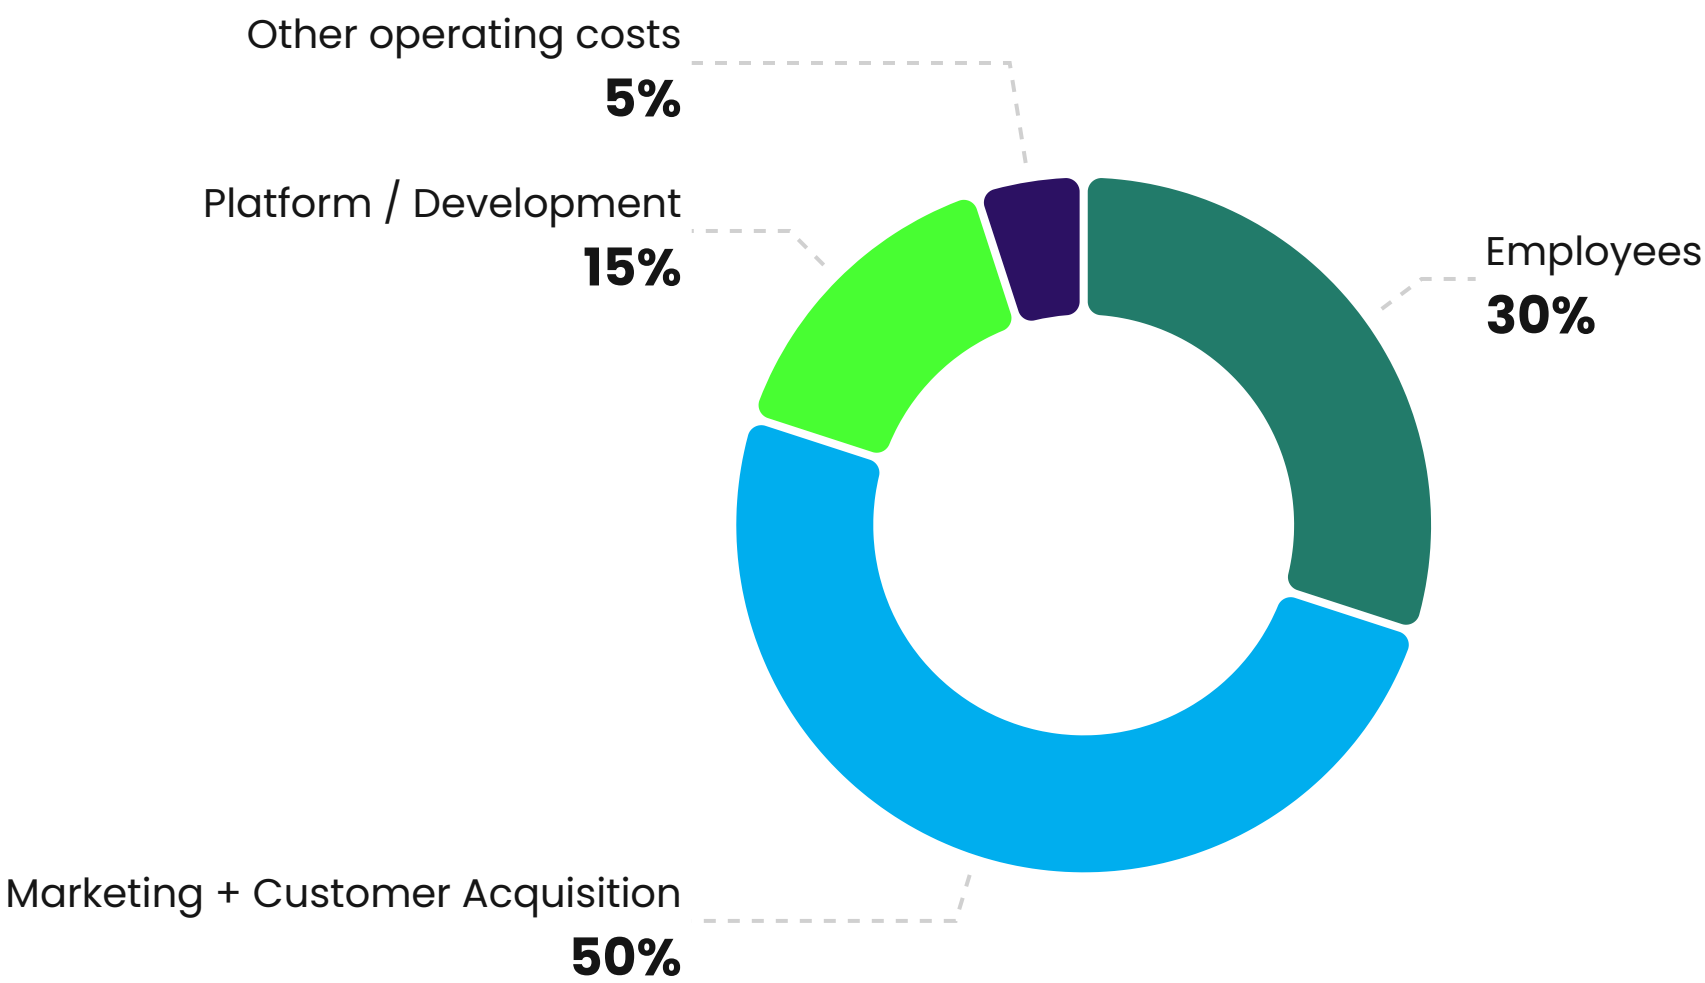

Raising \$500K USD

A significant portion of the funds will be allocated towards closing the 3000+ leads we currently have, demonstrating our commitment to rapidly converting potential interest into tangible growth, while ensuring a runway of 24 months.

FUNDING

We're seeking to raise **\$500K USD** to fuel our ambitious growth plans, which aim to increase our market share by 10x. With the funds, we could possibly expand our operations into Chile, and further develop and allocate resources towards our product. The investment will enable us to scale our platform and increase our user base, ultimately driving revenue.

MARKET STRATEGY

Expos and Trade Shows

Participating in expos and trade shows allows Wemu to directly engage with potential customers, partners, and industry influencers in a dynamic, face-to-face environment.

Online Campaigns and Paid Ads

Through carefully crafted ads and content, you can attract, educate, and convert leads across various digital platforms.

Ambassador Partnerships

Ambassador partnerships leverage the credibility and networks of respected individuals within the SME and franchise community to promote Wemu.

No more writing down orders, tracking sales on excel. Wemu is my bestfriend

INVESTOR FUNNELS

We have been diligently building our investor funnels and establishing connections with prominent venture capital firms in New York, California, Sydney, and Singapore. As we continue to reach significant milestones, these VCs have expressed their interest in potential investments, committing to minimum checks ranging from 2 million to 4 million dollars once we achieve those milestones.

FJ LABS (US)

They are willing to invest once we hit the \$50K MMR mark. They have an impressive track record, having invested in over 30 startups that have become unicorns. Additionally, their minimum investment check is \$4M.

OPENSOURCE (SG)

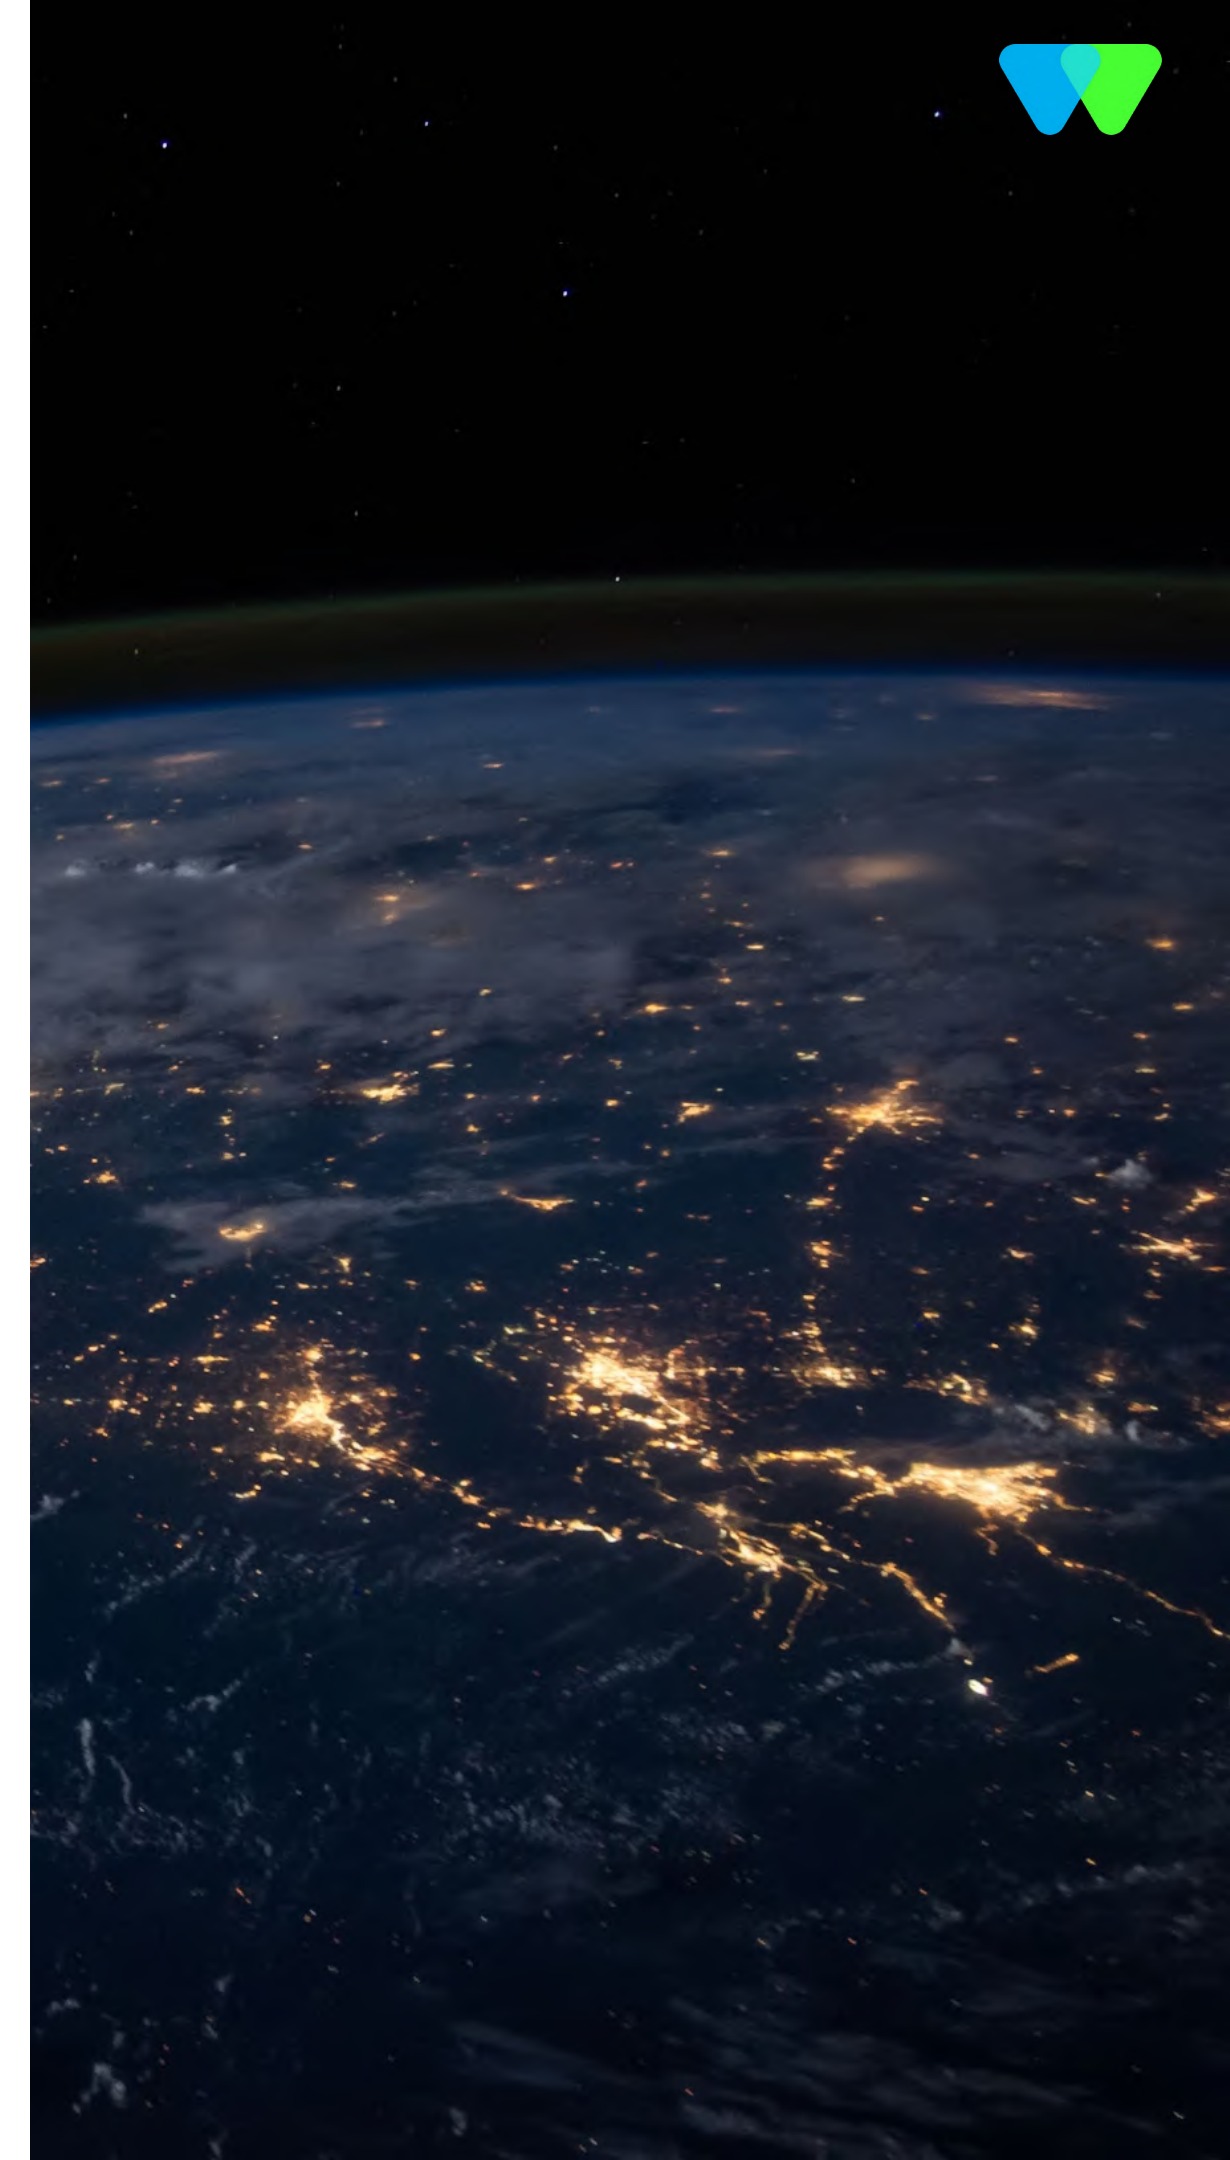

They are willing to invest once we hit the \$50K MMR mark, with a minimum investment check of \$2M.

TEN 13 (AU)

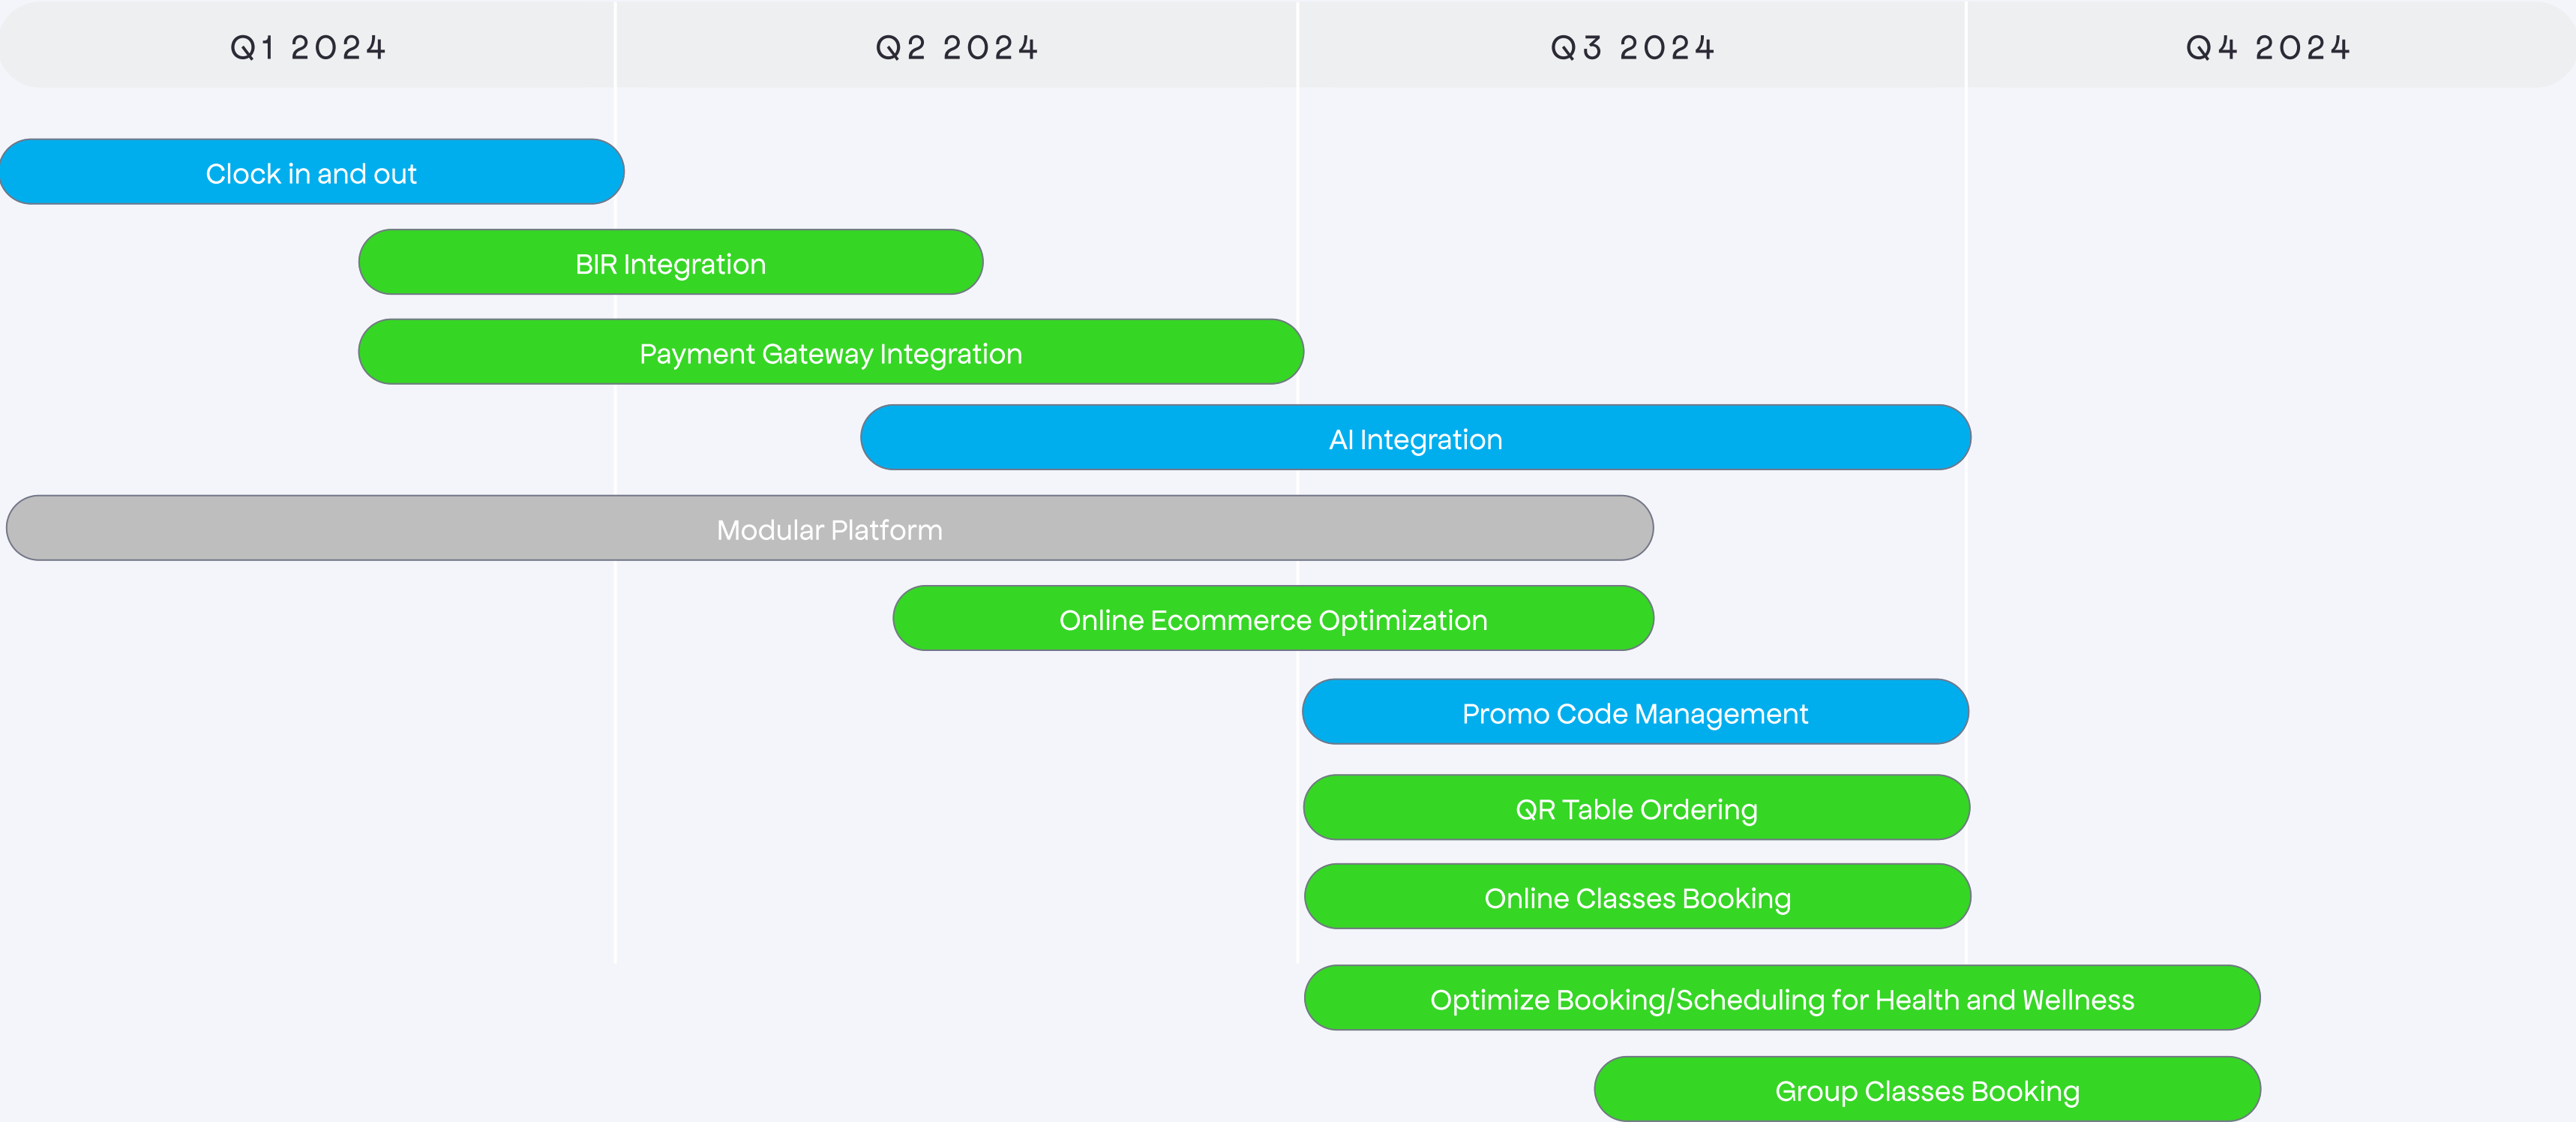

Ten 13, founded by Steve Baxter, is willing to invest in Wemu once we achieve a Monthly Recurring Revenue (MMR) of \$30,000.

INVESTIBLE (SG)

Investible VC, a prominent venture capital firm with a focus on expansion in the Philippines, has expressed interest in Wemu. They have indicated their willingness to invest in our company once we achieve a Monthly Recurring Revenue (MMR) of \$50,000.
