Clinton, NJ, 08809, United States

Customer-focused professional with experience running a small business and supervising table games. Adept at delivering exceptional service, adhering to operational procedures, and engaging with customers in high-paced environments. Ready to contribute to TD's reputation for exceptional customer experience.

Work Experience

Web Developer

Apr 2023 - Mar 2024

Servo, LLC | Jersey City, NJ

- Led the development and integration of payment processing systems using Stripe, enabling seamless transactions and efficient management of Connect accounts for vendors and service providers.
- Designed and implemented secure payment workflows, including handling customer onboarding, fund transfers, and payout processes, ensuring compliance with industry standards and regulations.

Table Games Assistant Shift Manager

Mar 2022 - Apr 2023

Virgin River Casino | Mesquite, NV

- Managed and secured large volumes of cash transactions daily, ensuring precise balancing of chip racks and adherence to strict cash handling protocols, contributing to the overall financial integrity of the casino.
- Enforced compliance with all casino regulations and internal procedures, including gaming operations, cash controls, and security measures, ensuring a safe and legally compliant environment for both customers and staff.
- Managed a team of dealers, providing guidance and support to maintain high levels of accuracy, integrity, and customer service.
- Enhanced customer experience through effective communication, personalized service, and maintaining a friendly environment
- Responded to customer inquiries and resolved disputes quickly, maintaining a positive atmosphere and ensuring customer satisfaction.

Operations Lead

Apr 2019 - Nov 2021

Ease Window Cleaning | Saint George, UT

- Co-founded and managed day-to-day operations of a successful window cleaning business, ensuring high service standards and customer satisfaction.
- Enhanced customer experience through prompt issue resolution and transaction processing.
- Developed and implemented operational strategies that increased customer retention by 25% through consistent service excellence and personalized client interactions.
